

# Healthy Crops Begin With Healthy Soil

Introducing **HumiCore™**  
– Premium Potassium  
Humate

**80% Humic Acid | 10%  $K_2O$**  - Derived  
from high-quality leonardite to  
transform soil fertility, nutrient  
efficiency, and root development.  
Swipe to see what HumiCore™ can do  
for your operation. 🖱️

KEY BENEFITS

## 6 Ways HumiCore™ Works For Your Soil

### Improves Soil Structure

Enhances aggregation, aeration, and root zone development for healthier plant environments.

### Enhances Nutrient Uptake

Maximizes availability of essential nutrients and fertilizer use efficiency.

### Promotes Root Growth

Stimulates stronger, deeper roots for better establishment and absorption.

### Supports Soil Biology

Creates favorable conditions for beneficial microorganisms driving nutrient cycling.

### Improves Water Retention

Increases moisture holding capacity to help crops withstand stress periods.

### Builds Long-Term Health

Contributes to organic matter function and sustained soil productivity over time.

GUARANTEED ANALYSIS

## Premium Specs. Proven Purity.

HumiCore™ is formulated from high-grade leonardite — delivering a guaranteed analysis that professional agronomists can count on.

**80%**

**Humic Acid**

Total humic acid content — among the highest in the market.

**10%**

**Potassium K<sub>2</sub>O**

Readily available potassium for plant and soil use.

**45%**

**Organic Carbon**

Fuels microbial activity and soil carbon fraction.

**≥99%**

**Water Solubility**

Fully dissolves for fertigation and foliar compatibility.

☐ pH 9–11 | Black Flake/Powder | Source: Leonardite | Shelf Life: 36 Months

CROPS & APPLICATION

## Built for Every Cropping System

### Field Crops

Wheat · Rice · Maize · Cotton · Sugarcane

### Vegetables

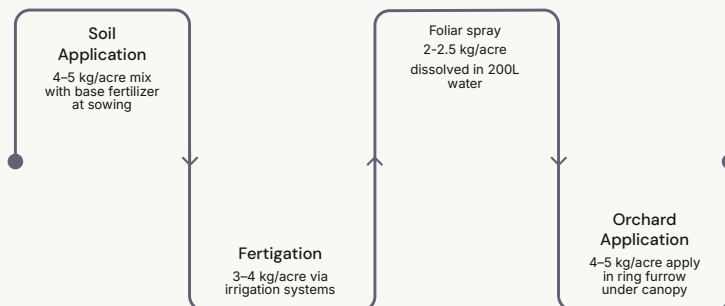

Tomato · Potato · Onion · Chili · Cucurbits · Leafy Greens

### Orchards & Vineyards

Citrus · Mango · Apple · Grapes · Dates · Pomegranate

### Nurseries & Horticulture

Ornamentals · Nursery Plants · Landscaping

Compatible with most fertilizers and soil-applied inputs. A jar test is recommended before tank mixing.

ALISRA AGRO SCIENCES

# Build Healthier Soils. Grow Stronger Crops.

HumiCore™ is part of the **Alisra Agro Sciences** portfolio of sustainable soil health and crop nutrition solutions - helping farmers improve productivity while building resilient, long-term agricultural systems.

## Packaging

4 kg · 10 kg
